## 6. Configuration Settings

---

- Go to your store admin > Online store > Themes > Customize option

### 6.1 Default skin color settings

- Go to Customize > Theme settings > Colors

The screenshot displays the 'Theme settings' interface for the 'ODZI' theme. On the left, a sidebar titled 'Theme settings' contains a 'COLORS' section with 'Primary colors' and 'Secondary colors' categories. The 'Primary colors' section includes: 'Solid button label' (#000000), 'Accent 1' (#FFFFFF), 'Accent 1 gradient' (none), 'Accent 2' (#000000), and 'Accent 2 text color' (#FFFFFF). The 'Secondary colors' section includes: 'Text' (#222222), 'Outline button' (#222222), 'Background 1' (#FFFFFF), and 'Background 1 gradient' (none). The main preview area shows the 'ODZI' theme's online store with a purple header, navigation menu (SHOP, BLOGS, EXPLORE), and a main banner for a JBL Xtreme speaker. The banner text reads 'PLAY IT ONE MORE TIME' and 'Enjoy dance the night away and keep your woes at bay.' Below the banner is a 'BUY NOW' button and a promotional bar with 'USE CODE:OFF30' and '30% OFF'. The bottom of the preview shows a product section for 'BEST BLUETOOTH SPEAKER OF 2023' with the text 'HELLO, JBL XTREME'. On the right, a 'Customize the appearance of your entire online store' section provides instructions on how theme settings affect the store's look and a link to 'Learn more about theme settings'.
